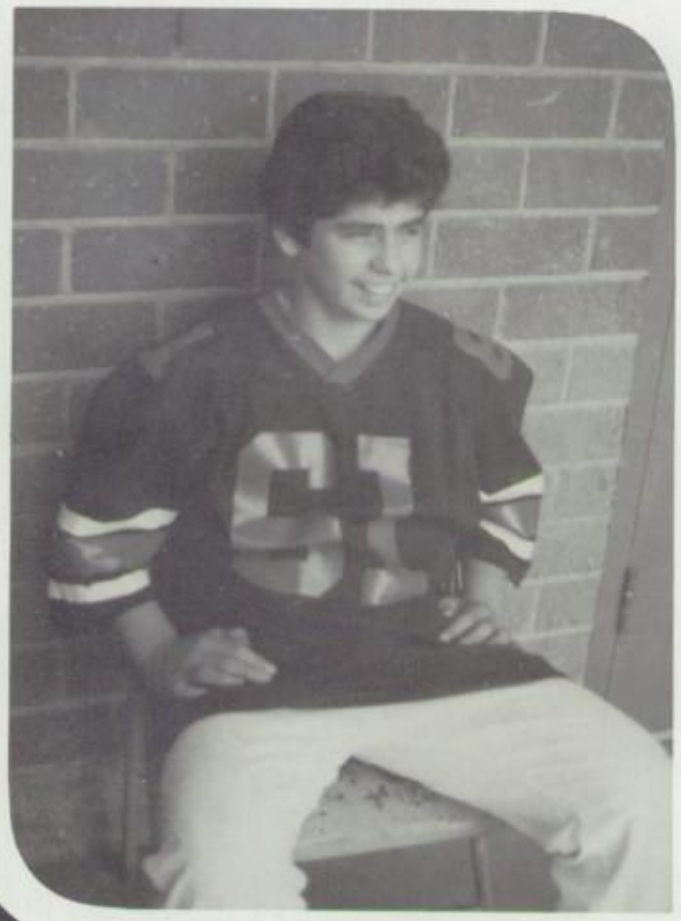
DIRECTIONS . . .



P.H.S.

Pomoma High is made up of many people, each one going in a direction as different as the individual's themselves. For many, this year has been the beginning of a new road. For others it was just one more step along a continuing path. We hope these pages will show you some of the many different lifestyles on the Pomona High campus, and will perhaps help you find your own.

THE WORLD BOOK ATLAS

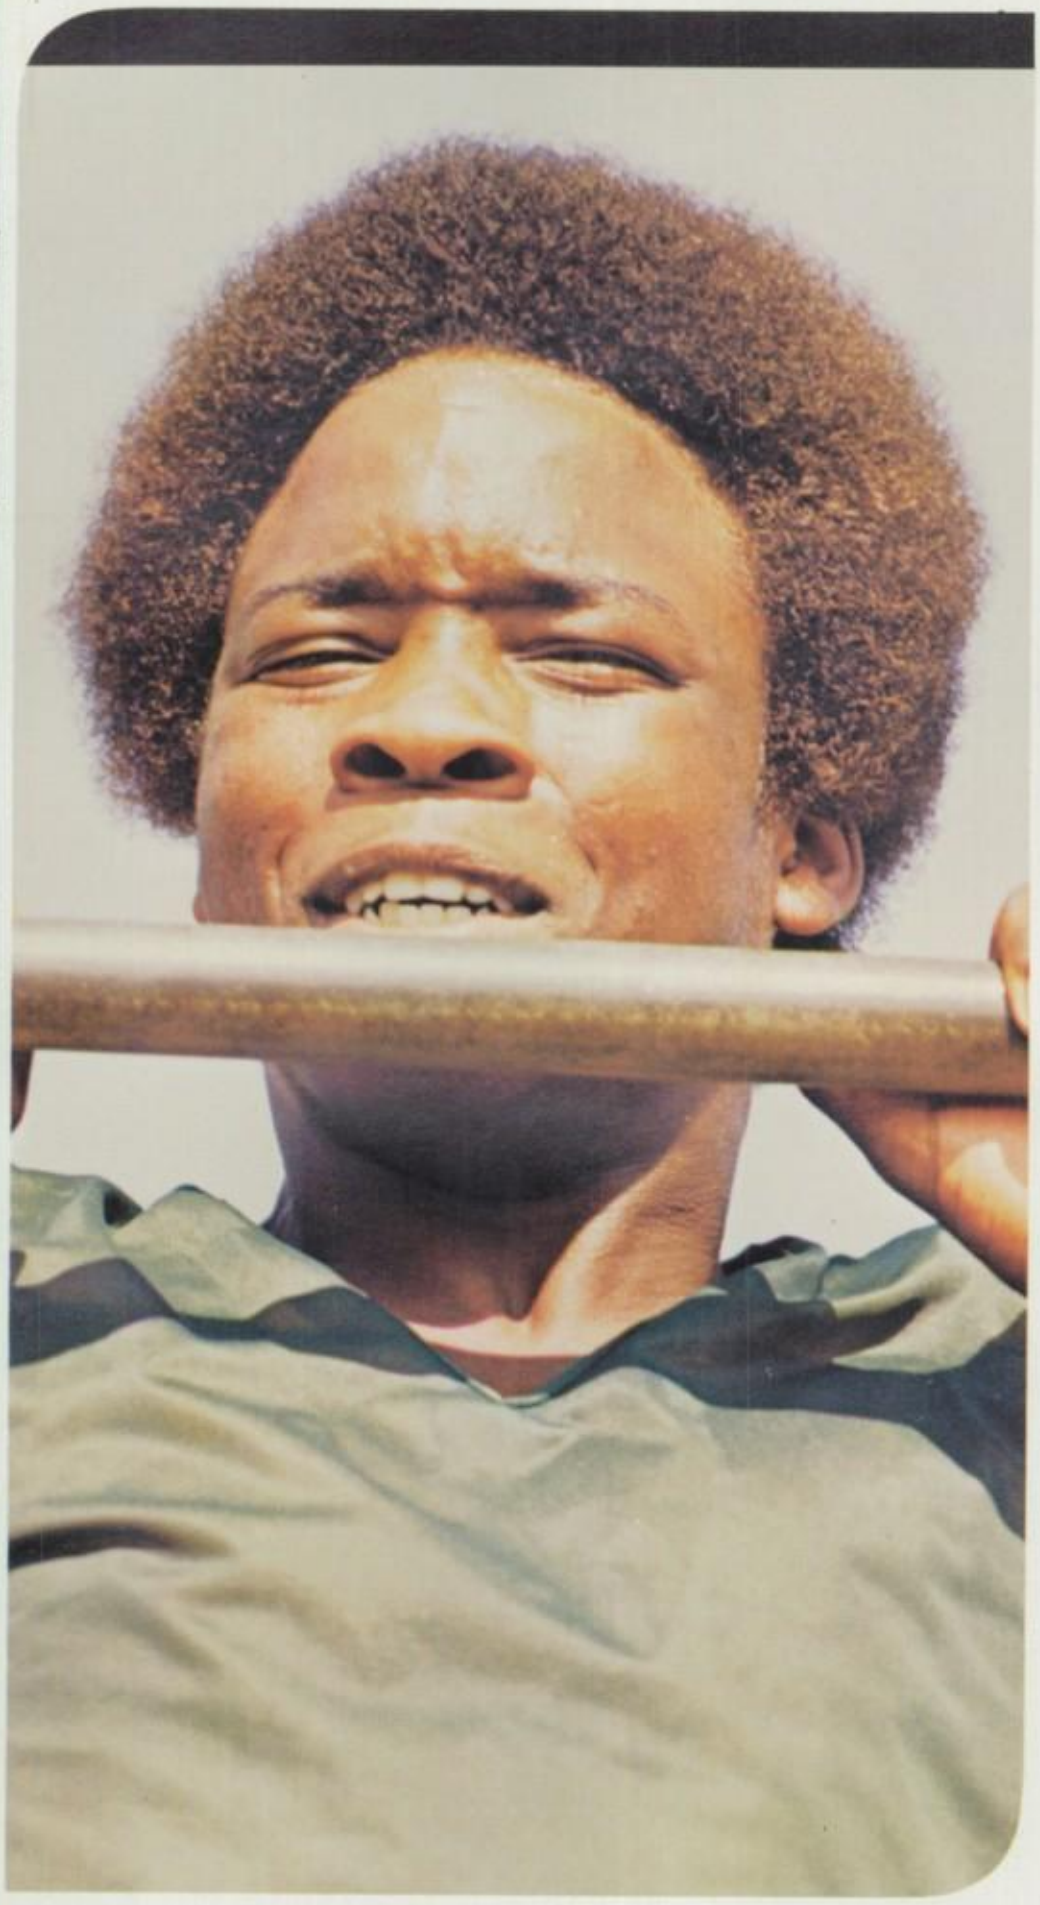
NATIONAL GEOGRAPHIC ATLAS OF THE WORLD



BUNCH

This year, for the first time, P.H.S. operated with a closed campus. As a result most students either ate cafeteria food or brought their own.

There were also more student activities during the lunch break. The "lunch brunch" saw people using the library, indulging in muscle building, and just plain socializing.

WORK

WORK

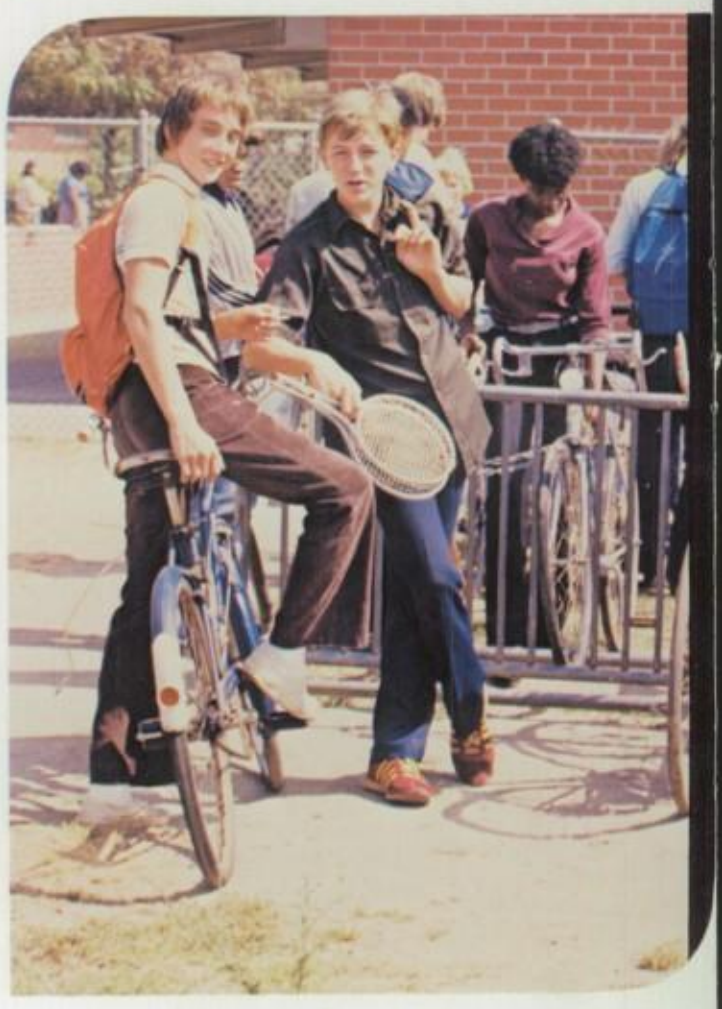
WORK

Here at Pomoma High students are not only attending classes, but also many of them hold part time jobs. They usually work after school or on weekends. The type of job varies from person to person, ranging all the way from fast food operations to office detail.

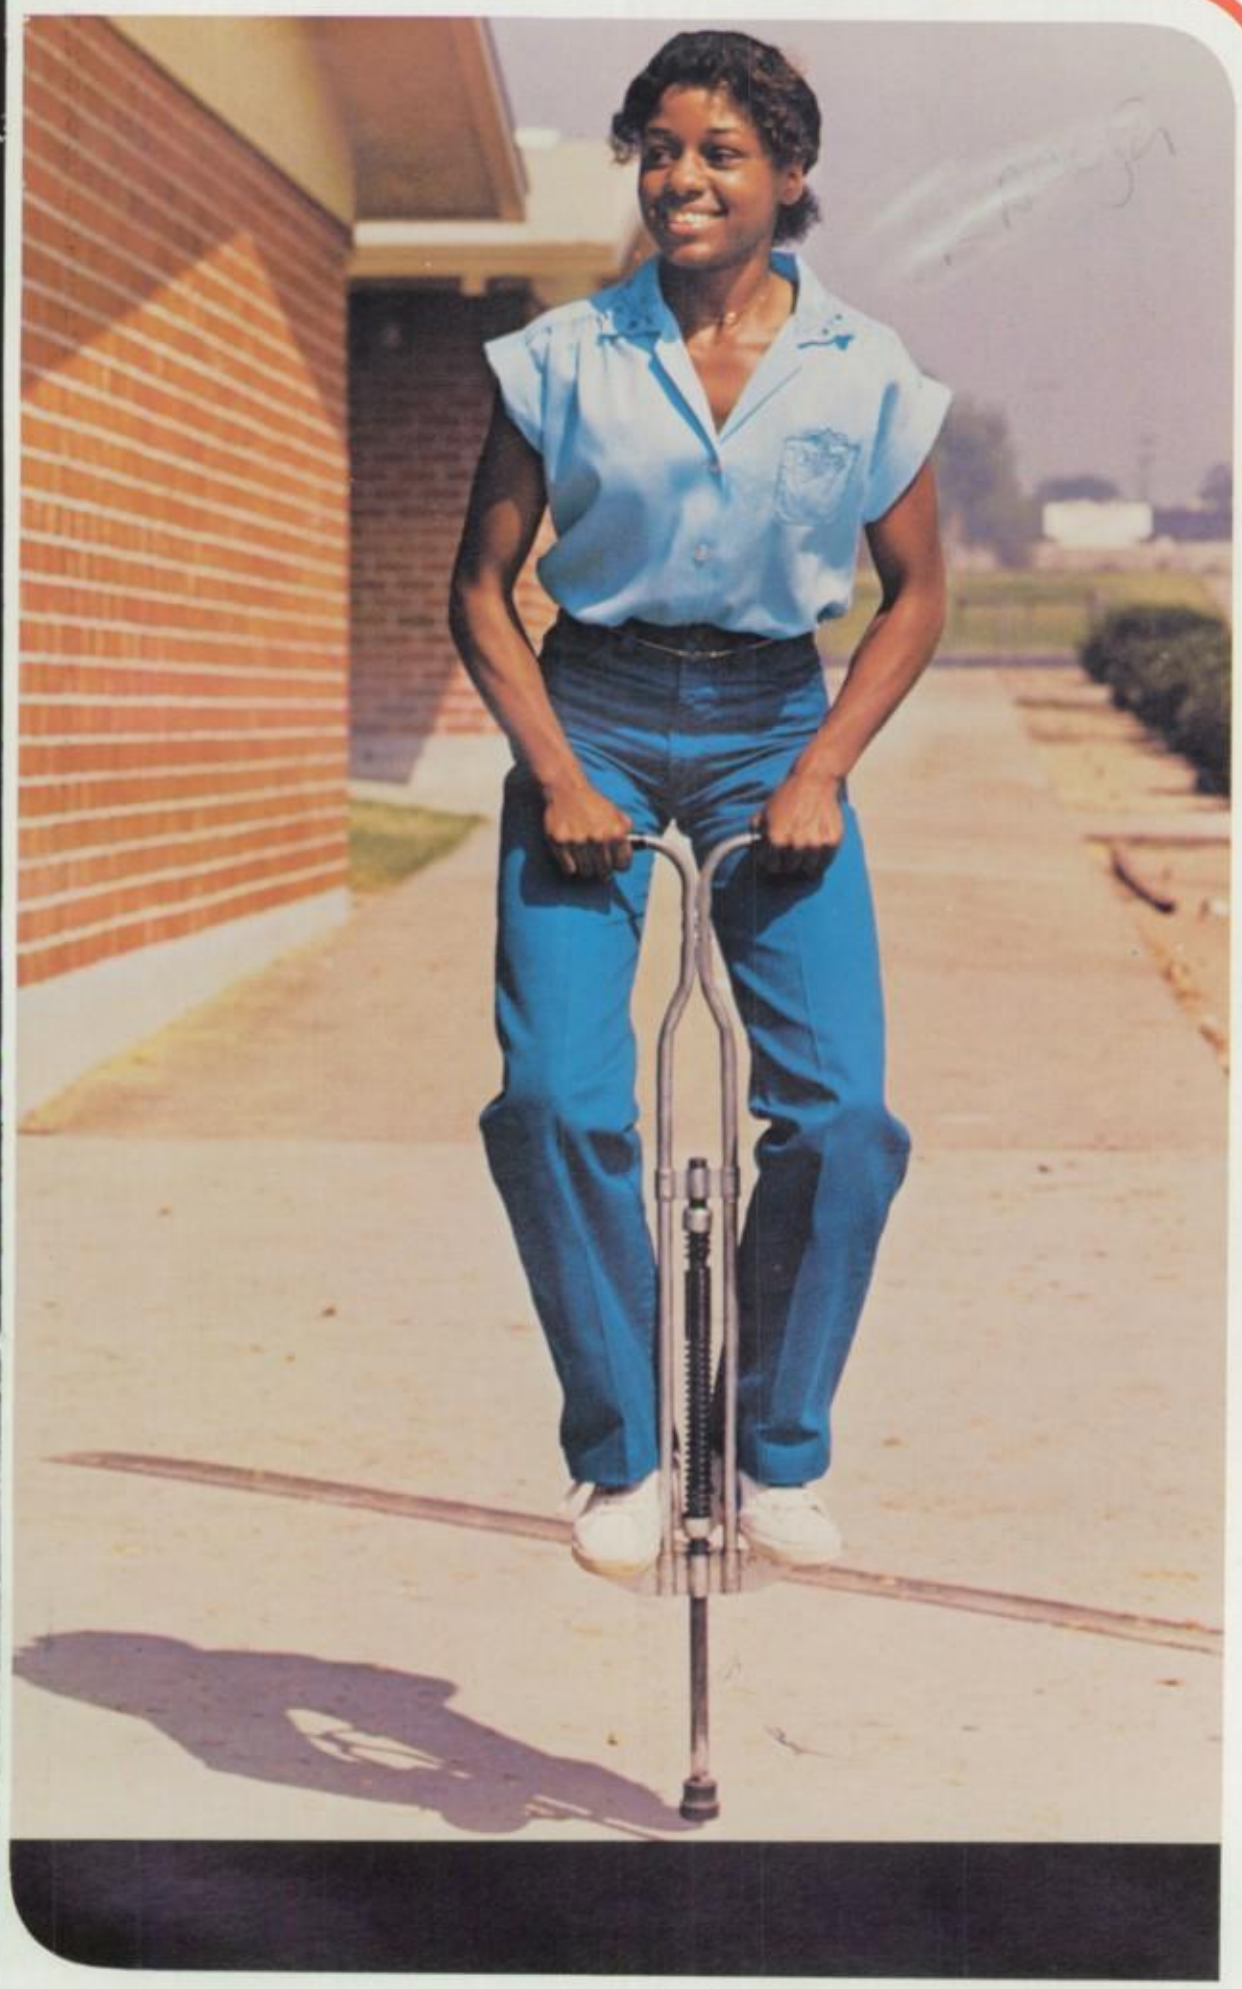
Under the direction of Mr. Cliffe's Work Experience program, many students now have the opportunity to earn money and gain a better understanding of the working world.

HIGH POMONA

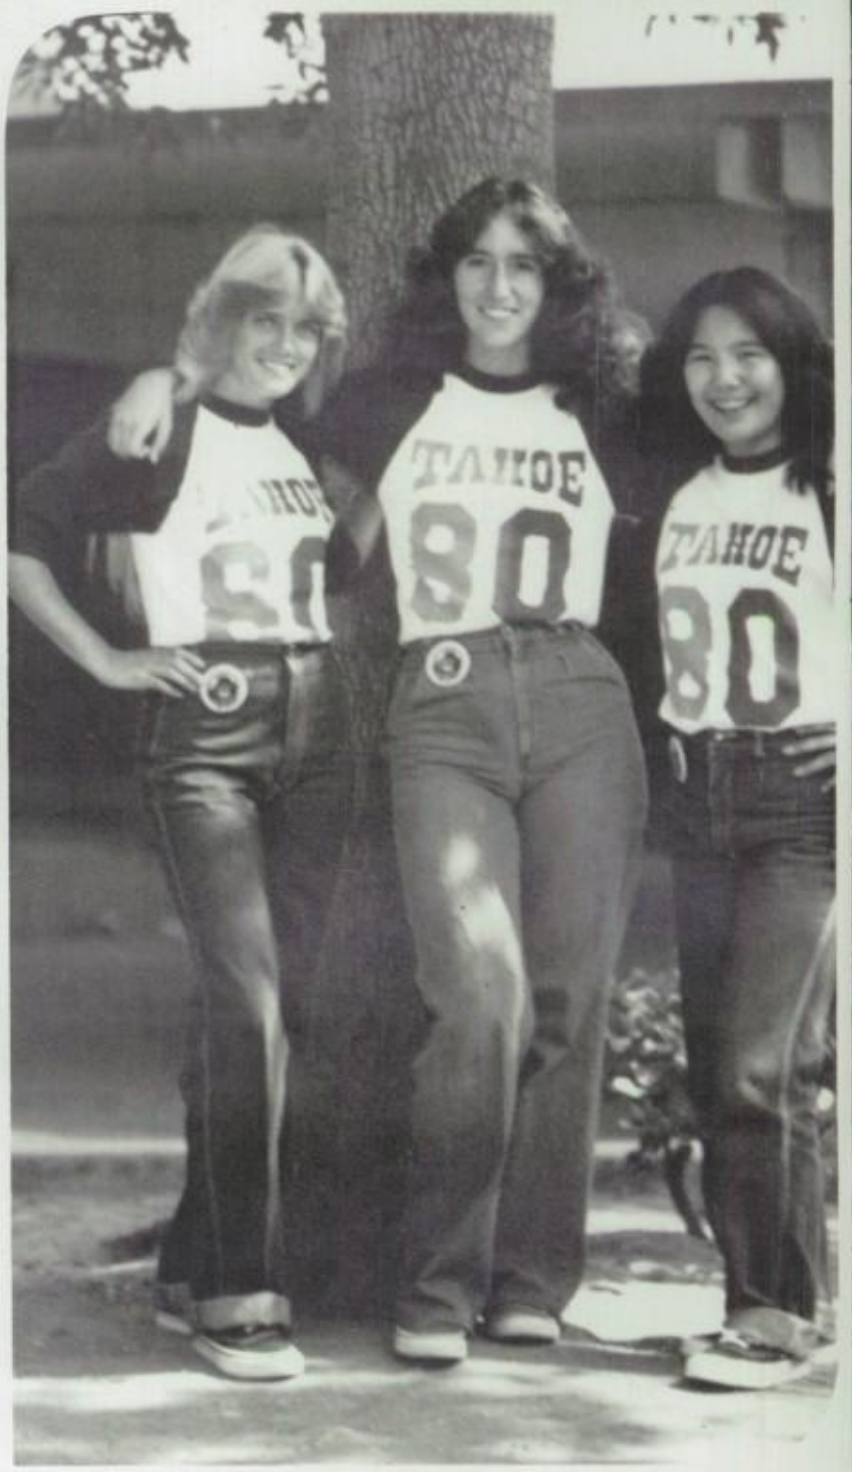
Students use a variety of means of transportation to get them where they're going. The most expensive one naturally cars and mopeds. But for those who prefer "roughing it", or can't afford $1.30 per gallon for gas, are bikers, skateboarders and even pogo stickers.



GETS AROUND

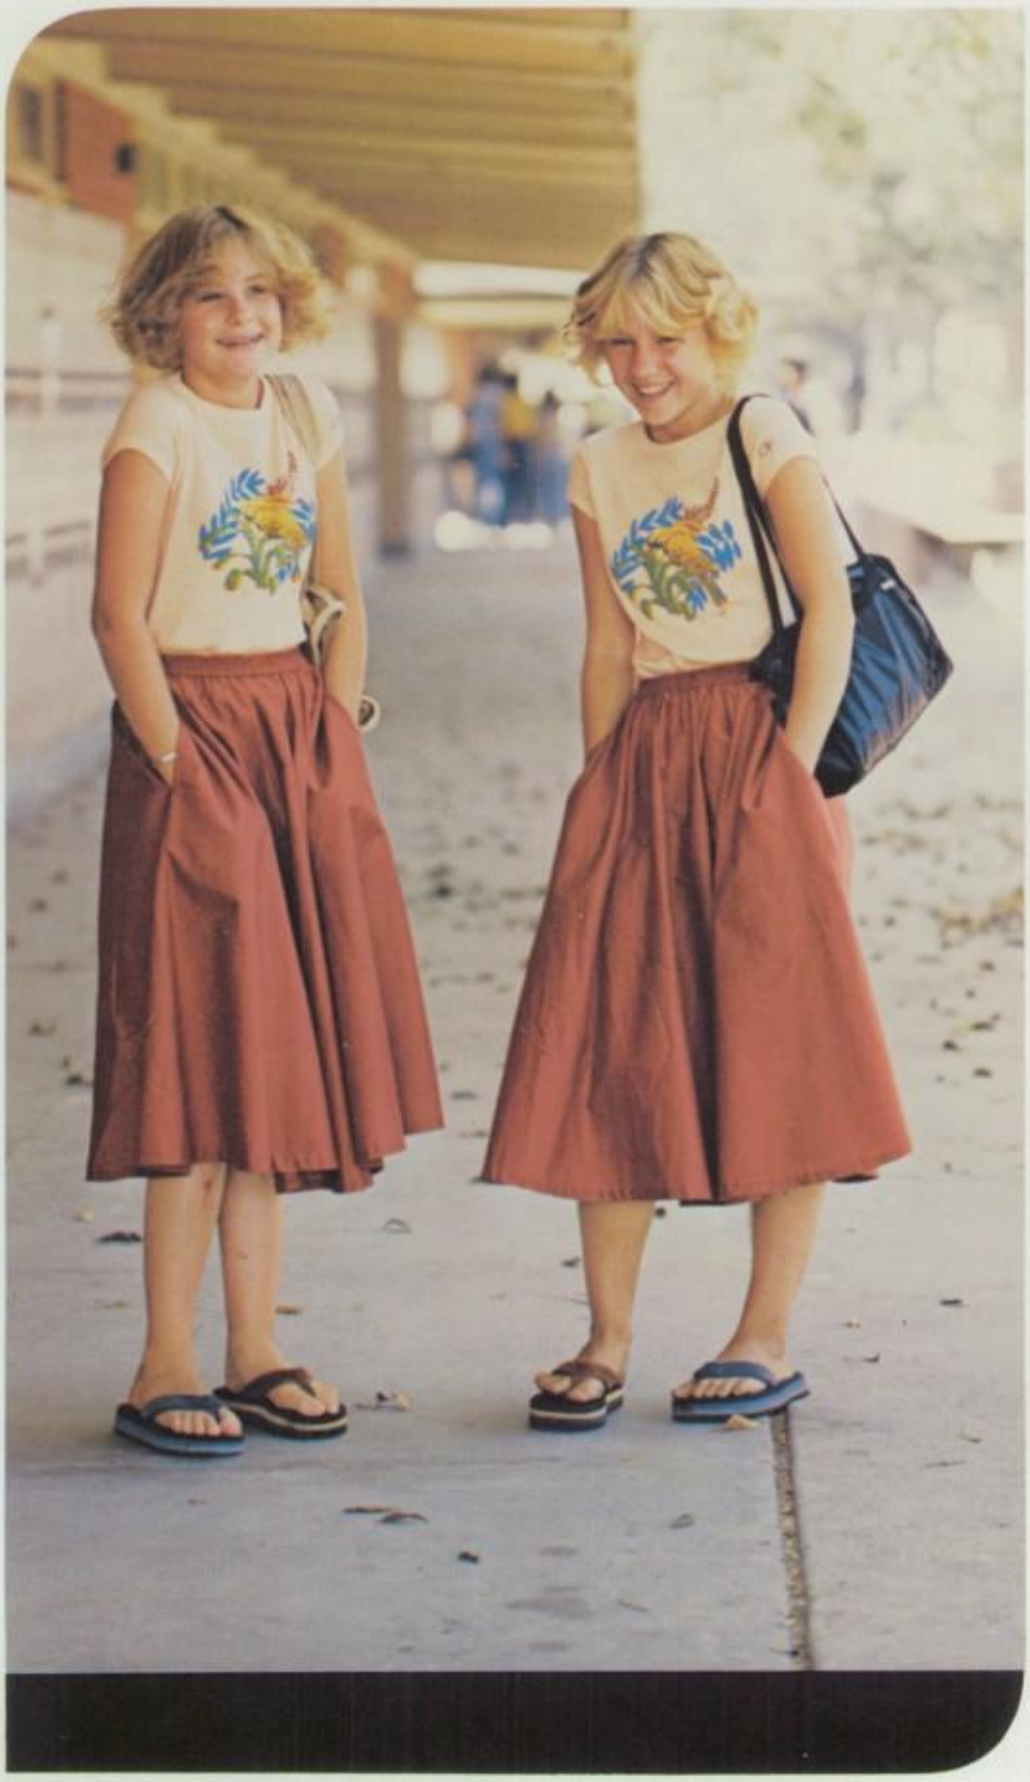


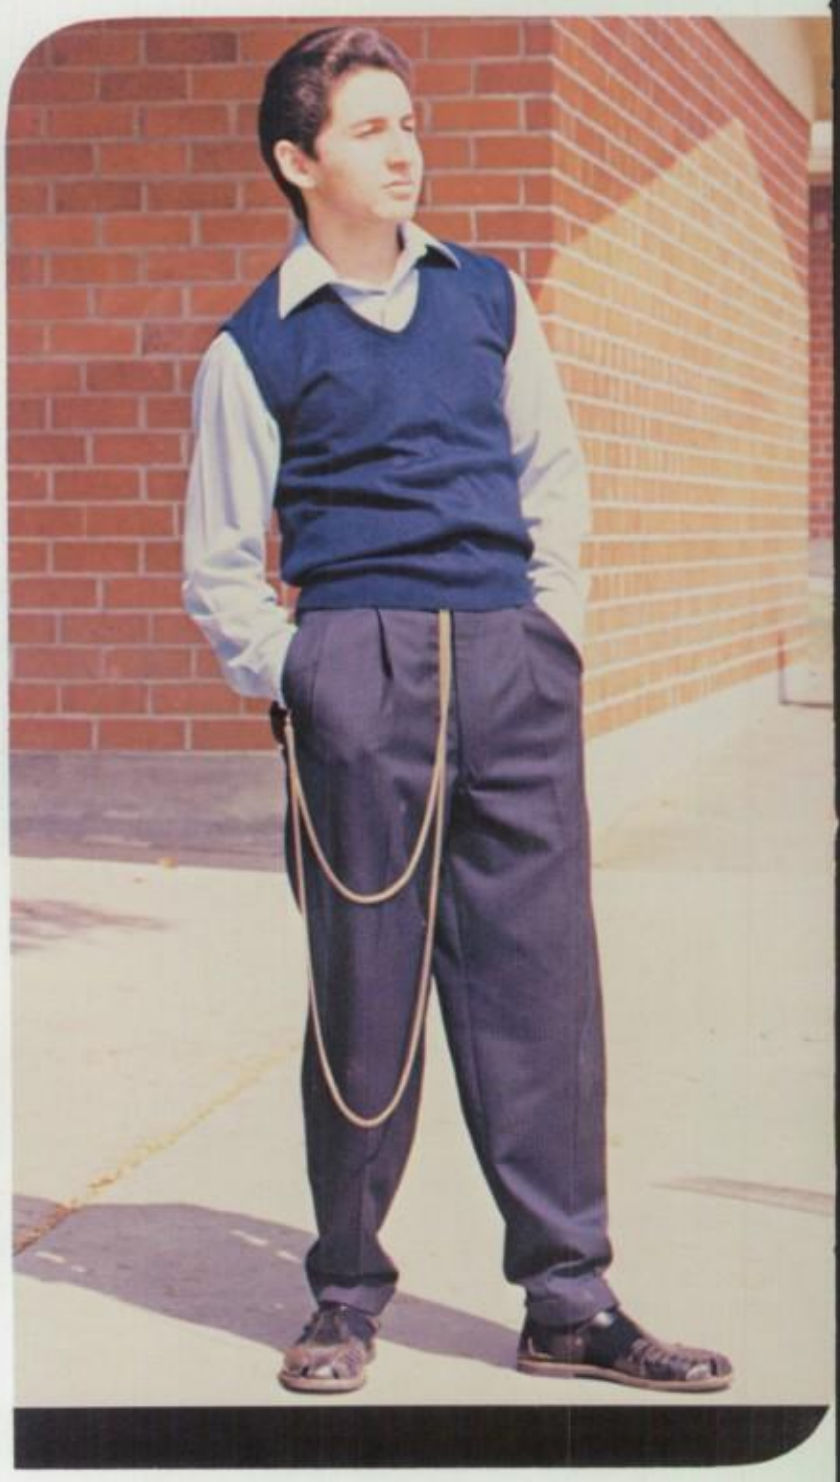
CAMPUS



LIFE

FASHION





There are many different "fashion directions" at Pomona High. Styles reflect trends ranging from the 30's all the way to the chic look of the 80's. With so many different clothing styles, the students are a fashion show in themselves.

Each year the L.A. County Fair is held in Pomona for two weeks. We in Pomona are lucky to have the fair practically in our back yards.

The Pomona High marching band marched on opening day this year.

Commencement service, beginning or end?
It's the ultimate high school show.
Your treasured diploma clutched in your hand,
So now, where do you go?

Your parents once had you in their control,
But now you're on your own.
Life looks so much more different now,
As you face the world alone.

'Tis said the world was made for the young,
So innocent, daring, and bold.
Pioneers of a new frontier—
No time for the ways of old.

But when you finally do get out,
You see by a different light.
And what you were told in your younger years,
You come to discover was right.

And you realize, looking back on all those years,
As the memories become unfurled,
That you wouldn't have given those four years up
For anything else in the world.

Ulrike Rabenschlag

This year at Pomona High we had two Foreign Exchange Students, both from Germany: Karen Bartlog and Ulrike Rabenschlag.

Ulrike is from the town of Lambrecht. She is 16 and likes swimming, animals and listening to records. Her future plans are to finish school in Germany and then to graduate. Ulrike said that things are much bigger in America and that she likes it here very much.

Karen is from Newstadt. She is 17 and enjoys dancing, swimming and doing needlepoint. After she returns to Germany, Karen will start work in a telephone company. Karen likes America very much and said she wishes she could stay longer.

BLACK CULTURE WEEK

This week the usual inspirational Black Culture Week program which focuses on black awareness was improved upon by added features. An attempt was made to relate seminars more closely to subject matter and community resources such as Planned Parenthood, the Pomona Police and Fire Department, Family Health Specialist and Cal Poly, Pomona instrucors. All were invited to address the needs of all students. The panels on College Living and Black Sexuality, composed of Pomona Alumnus, were particulaty praised.

Highlights of the week included the 4th Annual Cultural Appreciation Assembly in the gym where student talent was showcased along with gospel singing by Jackie Anderson and Linda Stiger. The skit "I'm So Glad I'm A Woman" commemorating the accomplishments of Black Women, was arranged by Pomona Alumnus, Roberta Stiger. The final event of the week was a Faculty "Soul Food" Luncheon where staff and guests "grubbed out" on delicious delicacies prepared by B.S.U. students.

VARSITY FOOTBALL

This year Pomona High has a football team they can really be proud of. They won nine out of eleven games, which took them to C.I.F. There they won one of the two games they played. They put a lot of work into this season, and suffered a lot of pain. We should give them a big hand for making this a season to remember.

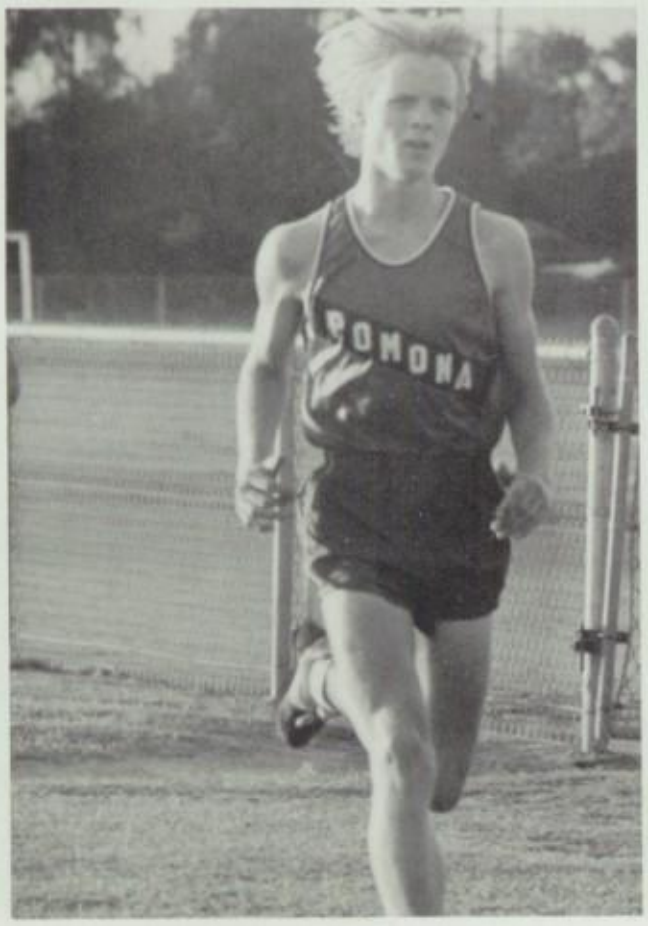
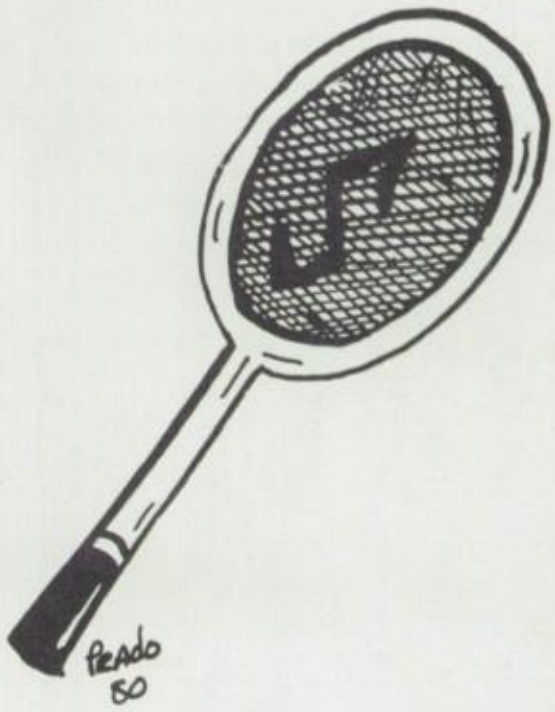
The Red Devil Cross Country Team finished fourth in the Hacienda league with a 3-3 record. Leading the Red Devil charge this year was four year letterman, Doug Allen and freshman spark plug, Frank Rodriguez (fourth in league). Allen was second in the league meet and was Lone Devil runner in C.I.F. All of the varsity runners excluding Allen are underclassmen, so things look very promising for next year's squad. The Soph-Frosh team faired well by winning a second place trophy in the Sonora Invitational and a first place in the Yucaipa Invitational.



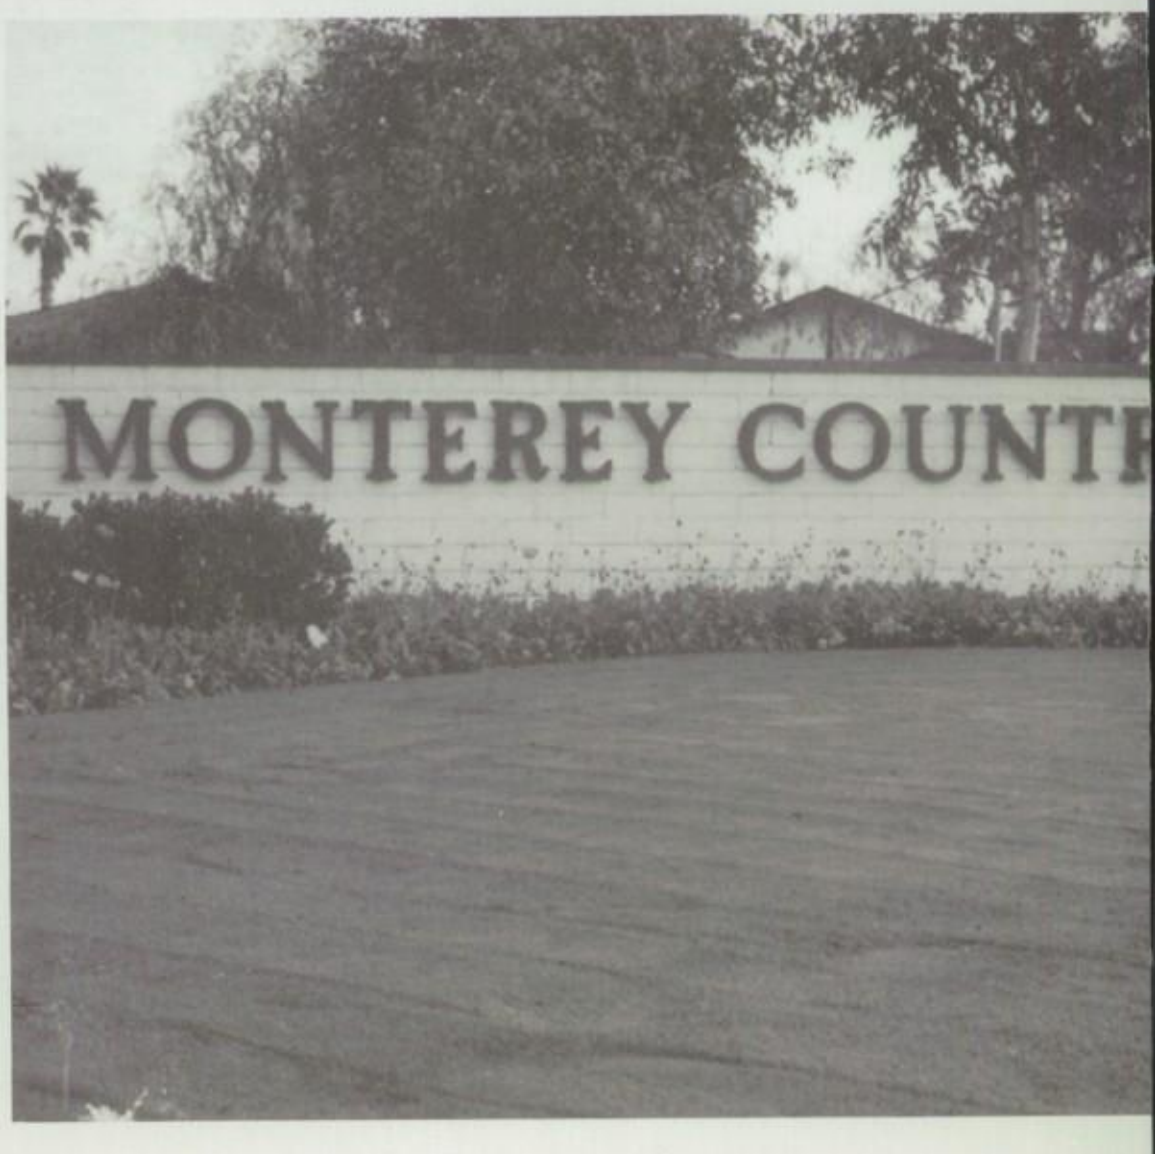
GIRL'S TENNIS

Back row: Coach Donaldson, Carolyn Richey, Sherry Mitschke, Patty Daniels. Front row: Stacey Baker, Dung Nguyen, Lisa McCollough, Terri Cororado.

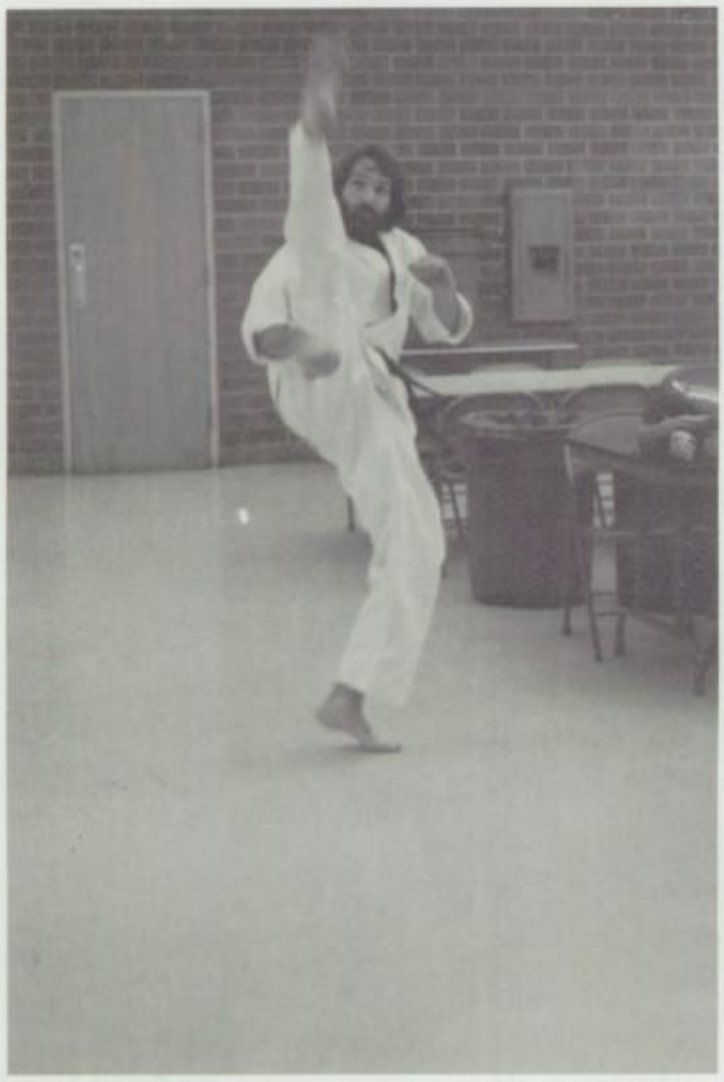


Coach Donaldson

On December 6, the girl's tennis team attended a C.I.F. playoff in Palm Springs. The girls played at the Monterey Country Club. Coach Donaldson said that it was a good experience for the girls. He hopes that next year will be even more successful for the team. Girls who participated in Palm Springs were Lisa McCollough, Patty Daniels, and Dung Nguyen.



HEY-YA!!



Mr. Wiedenman demonstrates a kick—OUCH!

One of our most popular new clubs this year is the Martial Arts Club, headed by Jon Wiedenman. The students are taught Korean Tae Kwon Do in which their "self defense is their defense." Mr. Wiedenman trained in Tae Kwon Do for 13 years. A fighting team is planning to compete in several city and inter-school tournaments.

This year's volleyball season was quite a learning experience for me. I'm so proud of all my young ladies. The 1980 squad is the first team to go to C.I.F. finals in the history of Pomona High. We all developed great relationships which will last a lifetime. I wish the team the best of luck in the years to follow.

"We have a very close team this year, and, as a result of their togetherness, we are 23-2. I'm very proud of this group because of their willingness to sacrifice themselves for one another. We have no 'stars'; every one of these guys has won the respect of every school around, not just because of their ability to win games, but also, and most importantly, because of their character. It would be impossible for me to express all that I feel for these guys."

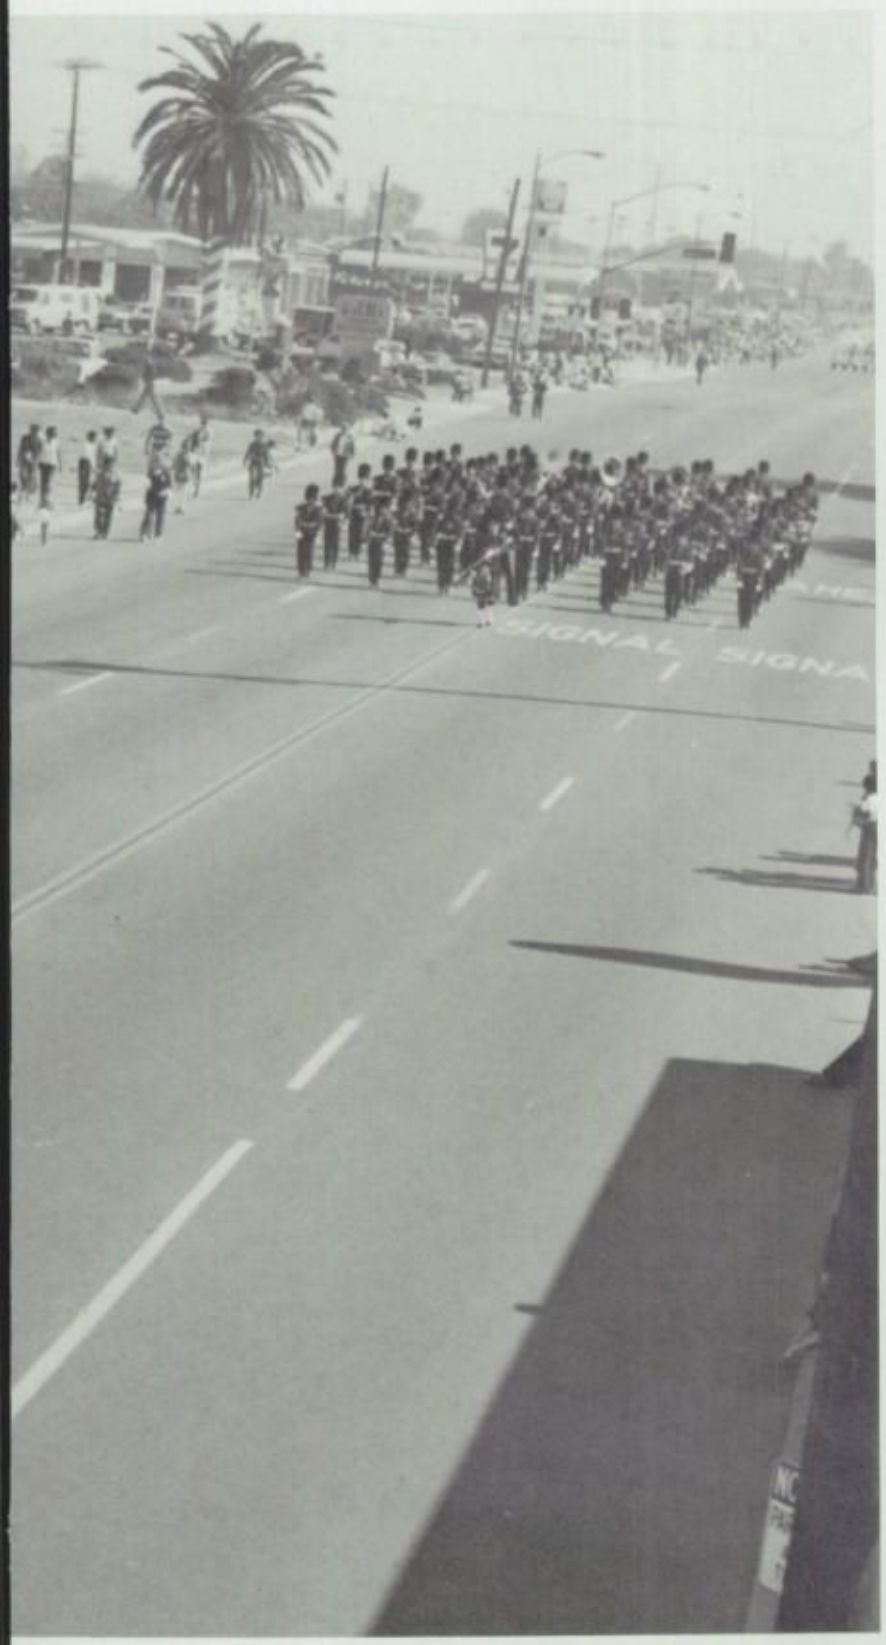
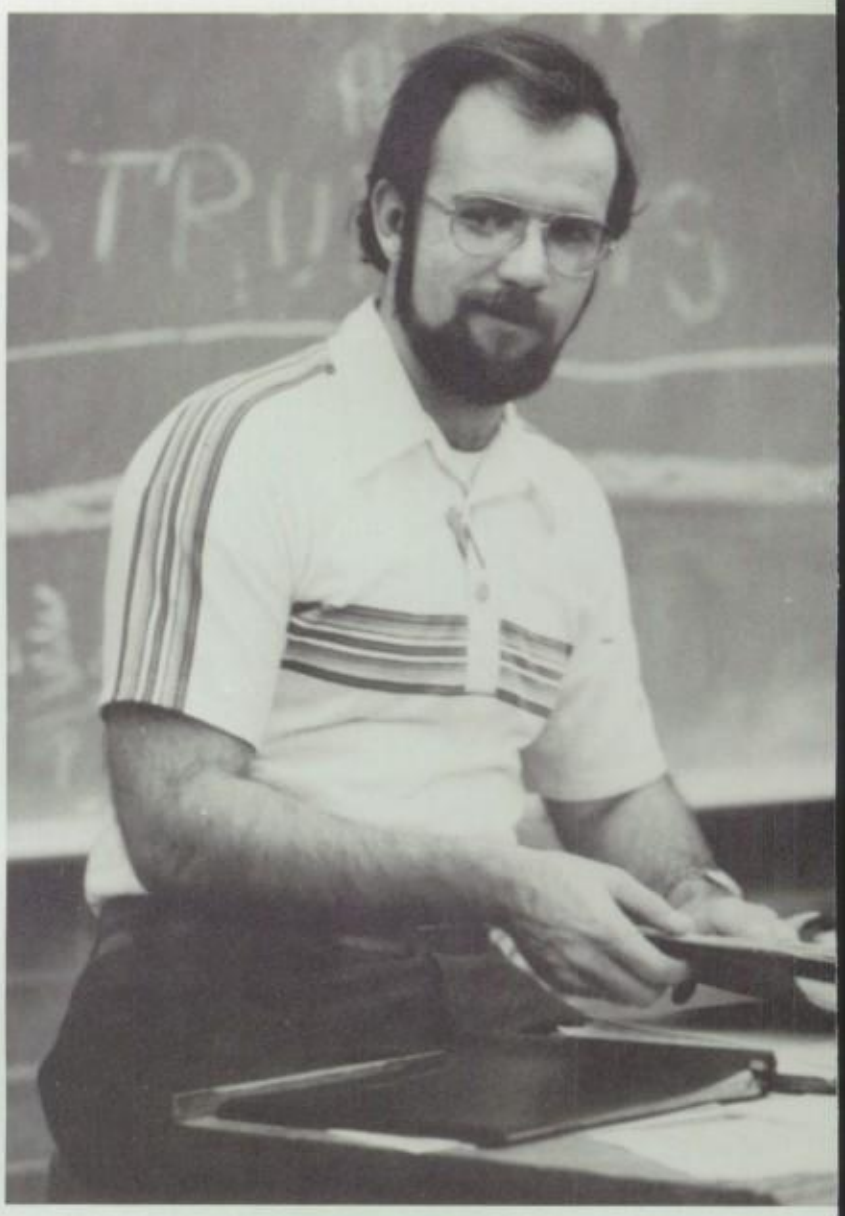
The Pomona High School Marching Band won many honors this year. Some of their accomplishments include 3rd place in the Cal Poly Field Tournament, 2nd Place in the Azusa Day Parade, 2nd place in the Pomona Christmas Parade, and 1st place in the Montclair Band Review.

AND TALL FLAG . . .



The Marching Band expanded their directions when they went to Long Beach this year and competed in a band review. This was the first time Pomona High had been invited in 27 years, and our school was one of approximately 80 bands from all over California and other states.



Mr. "No-Nonsense" Nowak – Band Director

In Kevin Reeves' second year as Drum Major, he has continued to bring honors to our school in various competitions. He took 8th place in the All-Western Band Review and received 2nd place in the Azusa Day Parade.

An actor must work all his life, cultivate his mind, train his talents systematically, develop his character; he may never despair and never relinquish this main purpose—to love his art with all his strength and love it unselfsihly.

WANTED: Anyone presently attending Pomona High School to join an organization which offers excitement, an opportunity to meet new people, perform services and travel. If you'd like to join this kind of an organization, then you belong in a P.H.S. Club.

If P.H.S. doesn't have a club that meets your interests, then make your own. Every year P.H.S. students reach out for new experiences. This year we've added a Ski Club and a Martial Arts Club. See you at the next meeting!

BUTTERFLIES ARE FREE

Pomona High's spring production was "Butterflies Are Free." It is a story about a young blind man, (Don Baker) who tries desperately to break away from his domineering mother. In his quest to be self-reliant, Don moves into a run-down apartment near 5th Ave. in New York, where he meets a young would be actress (Jill Tanner), and the fun begins.

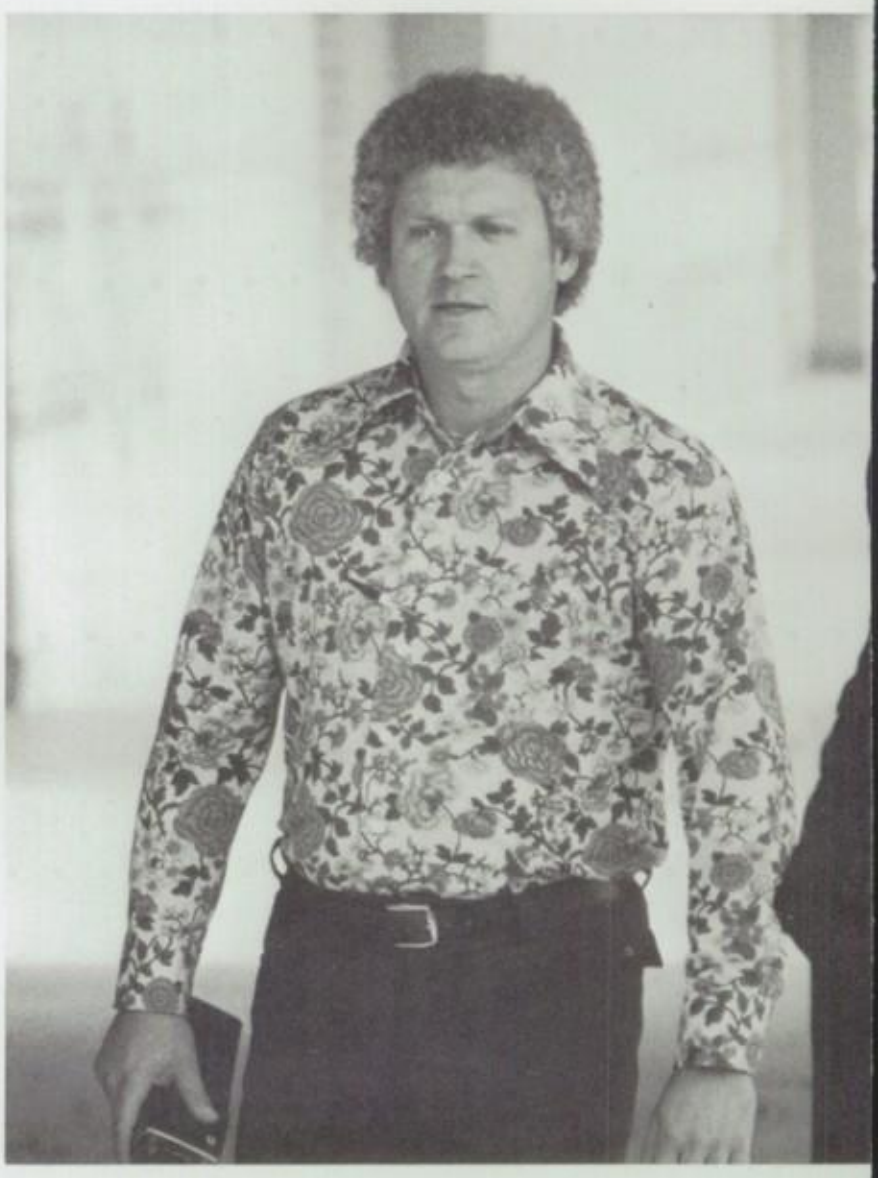
ADMINISTRATION

In line with this year's theme of DIRECTIONS, Yearbook Staff asked our administrators two questions: 1) if you had gone into another direction besides education, what would it have been; and 2) what road sign most aptly describes your life and/or goals? These are their responses.



Edward Walsh—Principal

Mr. Walsh never thought about taking another direction in life. All he ever wanted to do is what he is doing now. Mr. Walsh also said the sign that best described his life was a 55 mile-an-hour speed limit sign, because he is always going over the speed limit with his work. He said sometimes he needs to SLOW DOWN. But we say, "KEEP ON TRUCKIN'."

Micheal Phillips—Vice Principal

Mr. Phillips responded, "I would have been a lawyer." He wants to help people who can't help themselves. He says law is a rewarding career because it helps people. Mr. Phillips also added that his road sign would say ONE WAY—MY WAY.

Mr. Yarbrough's fantasy is to be a musician. The instrument he would like to play is the bass. His road sign would read MOVIN' FORWARD.

Adlai Yarbrough—Dean of Students

Oathur Carpenter—Dean of Instruction

Mr. Carpenter also would like to be a musician. He would like to play in a symphony. He plays the piano at home in his spare time and also plays bass and trombone. His road sign would read simply GO.

COUNSELORS

Joy Sindt

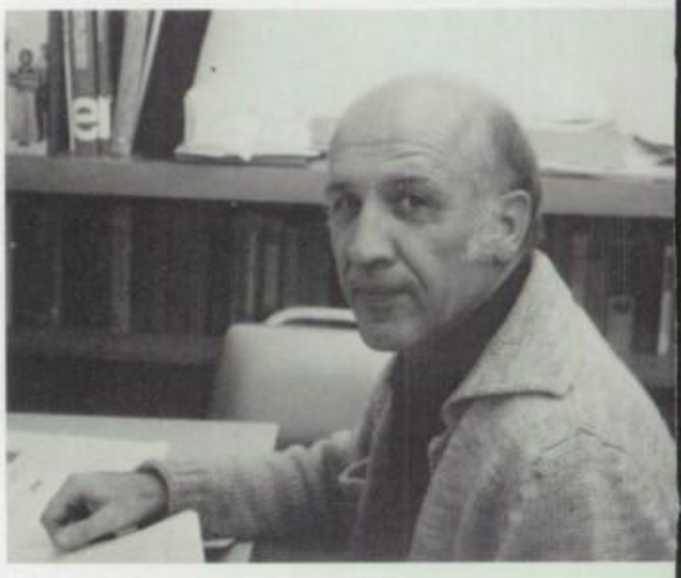
Mrs. Sindt's direction in life has always been aimed toward people-involved work. When asked which road sign most aptly describes her life, she replied, "UPHILL", because of the variety of challenges she has always sought to master.

Rudy Carpio

Mr. Carpio has always been interested in understanding how the mind works, and so counseling is a perfect profession for him. In the future, he would like to go back to school to obtain a Ph. D in psychology, becuase he loves working with people. An appropraite road sign for Mr. Carpio is WATCH FOR SIGNAL.

Eleanor Duncan

Mrs. Duncan's road sign would undoubtedly read SCHOOL ZONE. Throughout her life, Mrs. Duncan has always involved herself in schools—as a student, a teacher, a counselor, and a parent. If given the opportunity to move in another direction, she would choose to be a lawyer.



Jack Rainbow

Mr. Rainbow, if given another chance for a life career, would go into professional baseball. He said that as a child he used to listen to Ronald Reagan give the "play-by-play" on the radio, and he would pretend he was the baseball player. The road sign that would best describe his life, he said, would be STRAIGHT AHEAD. He feels this way because he went into teaching school and kept right with it on a straight path!

DIRECTORS

George Fullerton—Athletic Director

When asked about an alternative career, Mr. Fullerton replied, "I would have liked to have been a physician. I enjoy being a teacher and an athletic trainer, because I get to work with doctors occasionally, assisting with the treatment of injuries. I enjoy being with students and athletes.

"Why didn't I become a doctor? I was told I wasn't smart enough and my math and chemistry is terrible!" In retrospect, he added, "I'll bet (know!) I could do it now if I were given the lost time back."

Shalimar Horsley—Activities Director

Shalimar's other ambition was to be a nurse or doctor. When asked why she didn't continue in that direction, she replied, "My first college chemistry class convinced me otherwise."

As for entering another field of endeavor, Shalimar stated that hopefully, in a year or so, she will begin a career in law.

The Sophomore class has gone a long way through the "Merging Traffic." They sold sodas on Mondays, and sponsored a few dances at lunch. They also sold ceramic pins made by Becky Brown. Their main goal was "not having to wait until the last minute in getting a place for the prom." According to Advisor Mrs. Seltzer, the students who worked hardest besides the class officers, were Becky Brown, Kathy Nelson, & Lee Deel.

For the Freshmen this year, there was "no turning back." They were off to a good start by selling cookies and See's Suckers. Continuing down the 1980-81 road, they sponsored dances and other fund-raisers. Lillian Johnson, Freshman Class President offered, "The Freshman Class will be even better with more participation." Good luck, Freshman, and welcome to P.H.S.

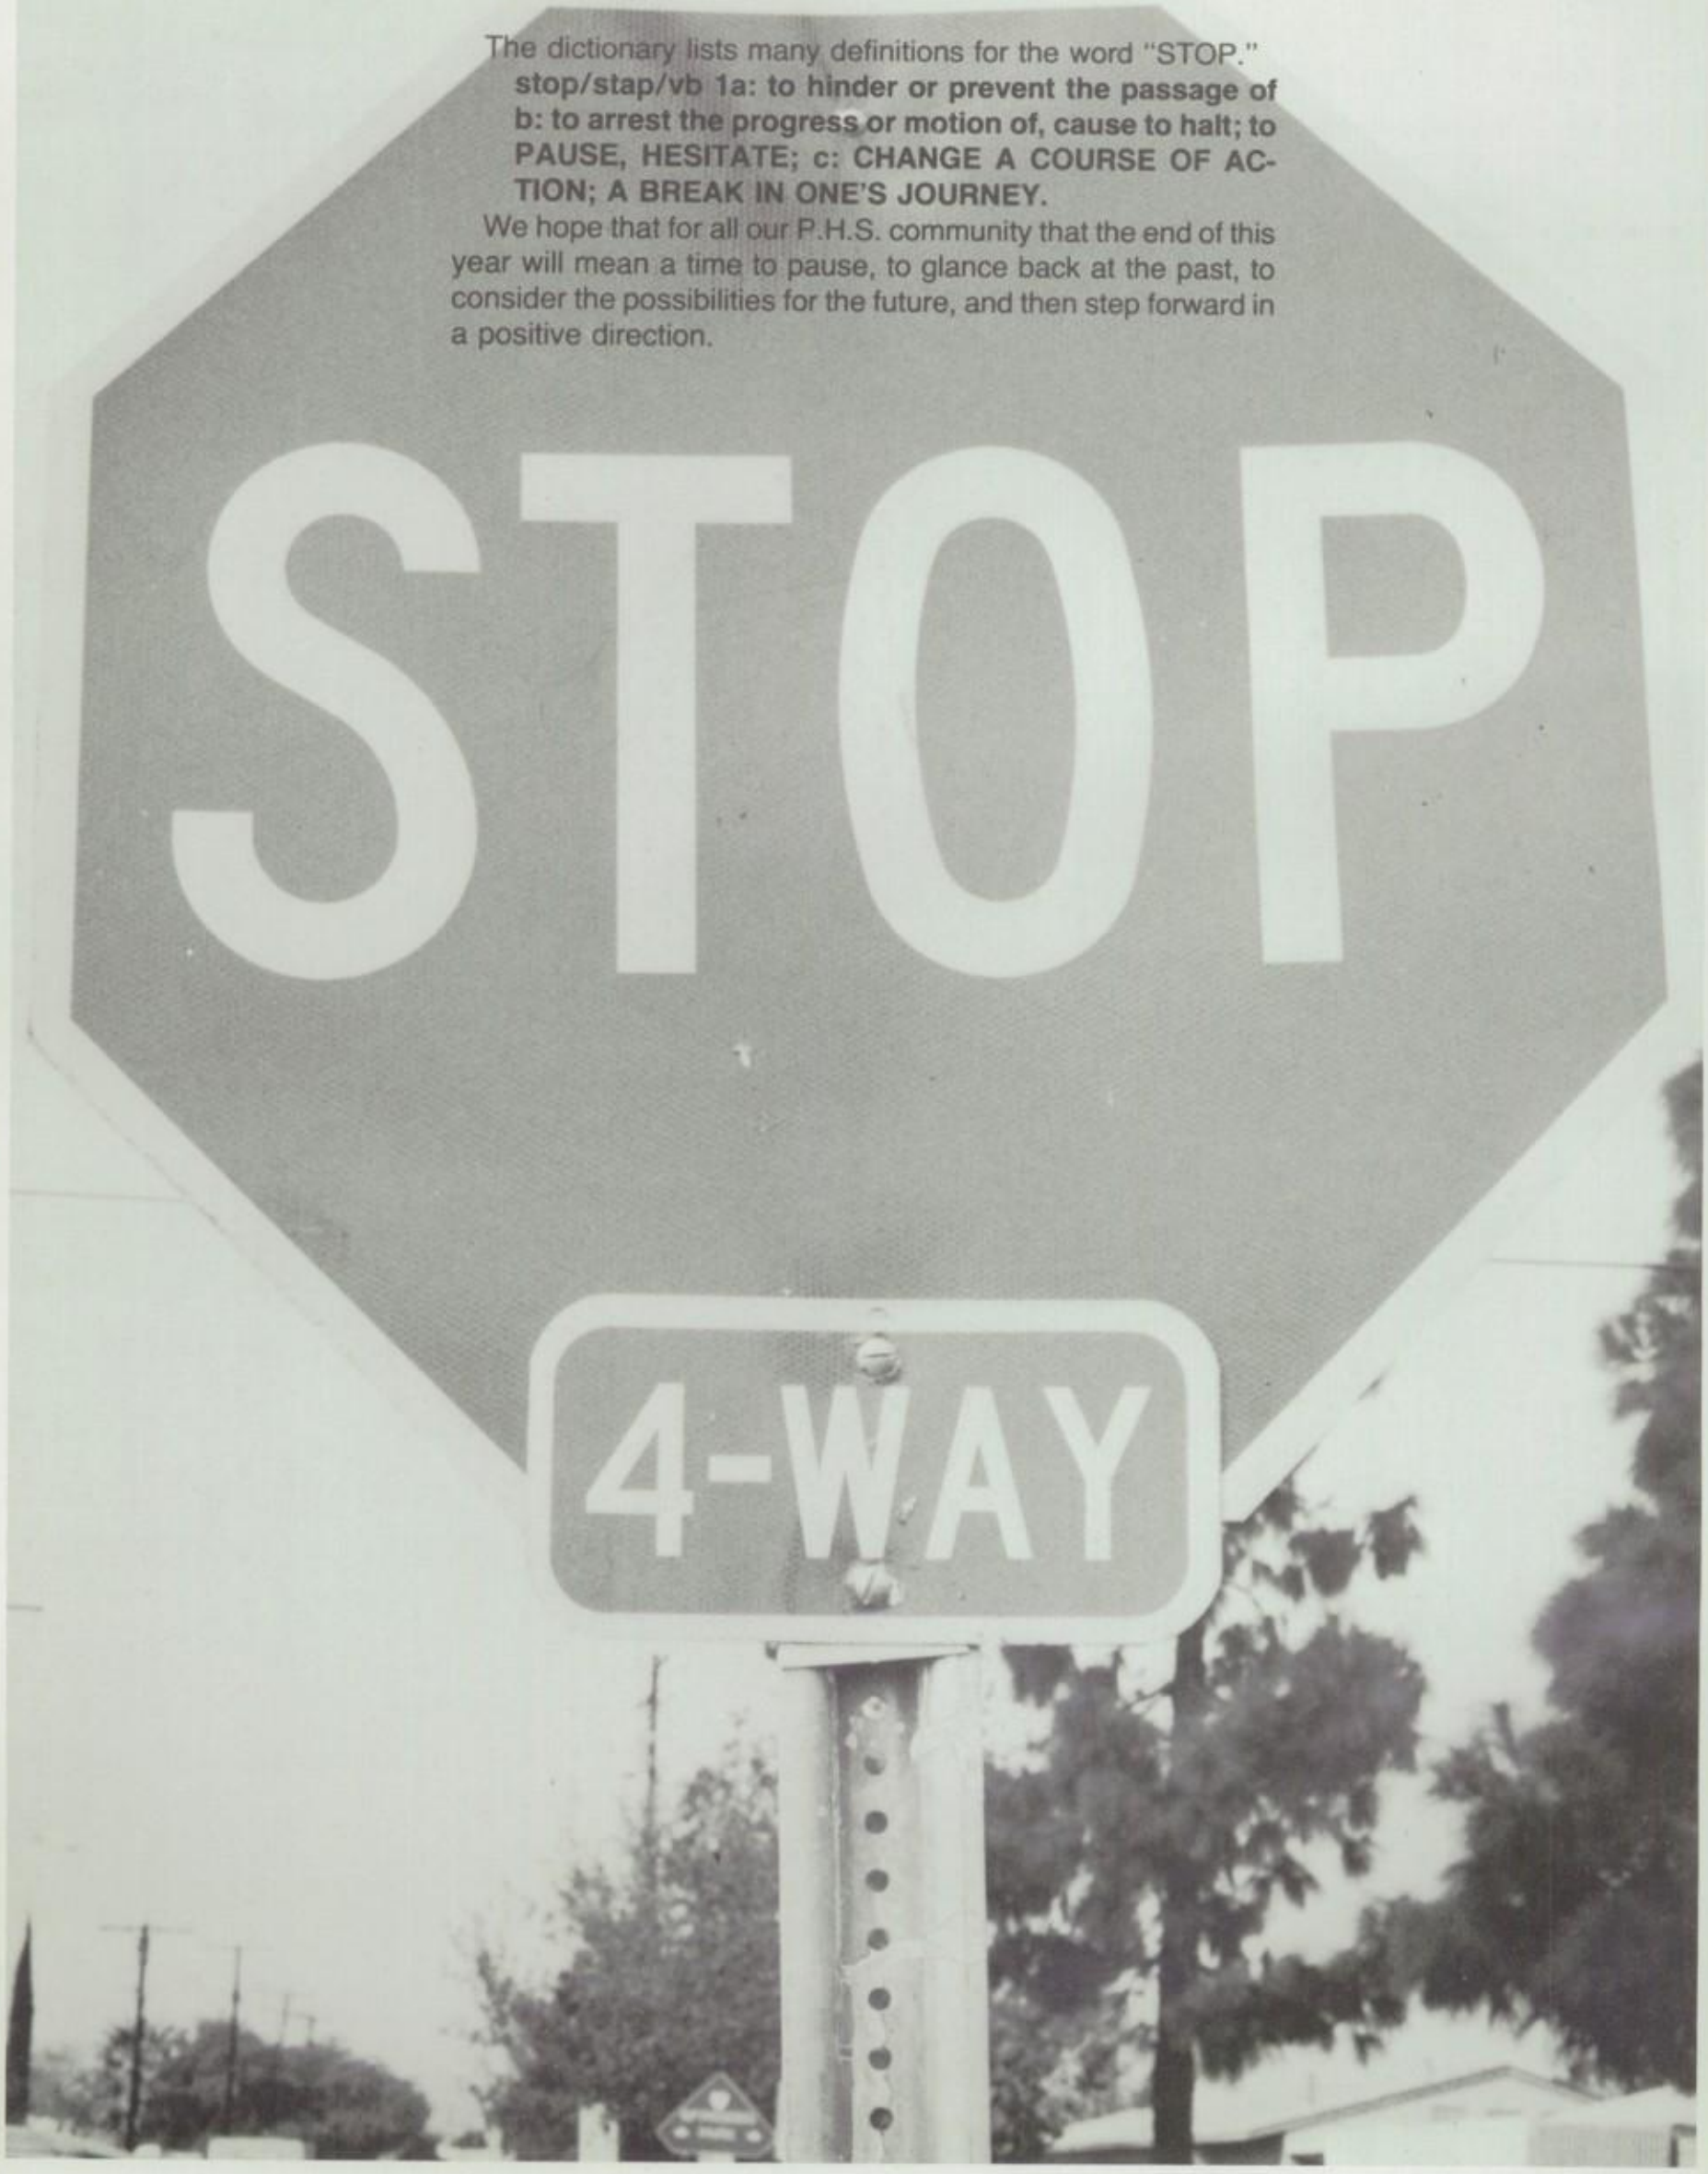
LANE ENDS AHEAD

The dictionary lists many definitions for the word "STOP."

stop/stap/vb 1a: to hinder or prevent the passage of b: to arrest the progress or motion of, cause to halt; to PAUSE, HESITATE; c: CHANGE A COURSE OF ACTION; A BREAK IN ONE'S JOURNEY.


We hope that for all our P.H.S. community that the end of this year will mean a time to pause, to glance back at the past, to consider the possibilities for the future, and then step forward in a positive direction.
